**Our app**

The port for the websocket

```
<?php
use Ratchet\Server\IoServer;
use Ratchet\Http\HttpServer;
use Ratchet\WebSocket\WsServer;
use MyApp\MyAppRouter;
```

} **Server components**

```
//load composer
require 'vendor/autoload.php';
```

```
$server = IoServer::factory(
    new HttpServer(
        new WsServer(
            new MyAppRouter()
        )
    ),
    8100
);
```

**Our app**

```
$server->start();
```
